SupremeRAID™ saves you both time and money with an effortless installation — no hardware re-layout or peripheral purchases required — just plug and play your way to superior performance. Learn how it works:

 **GRAID**

*Plug and play your way  
to superior performance.*

**Out of the box,  
into the future.**

Attracting + keeping independent sellers can be difficult — especially with other direct sales companies facing the same challenge. Tracking performance, managing commissions and maintaining payout consistency goes a long way towards retaining your talent. Exigo's software solution delivers quicker, more precise commission calculations — so you can focus on great products and celebrating with your sellers.
